## **PALTEK SIGNS LETTER OF INTENT WITH XILINX INC., TO ENTER INTO DISTRIBUTION AGREEMENT**

PALTEK Corporation (“PALTEK”) announced today that it has signed a letter of intent with Xilinx Inc. to enter into a distribution agreement.

Since the foundation in 1982, PALTEK Corporation has been providing silicon and software solutions to Japanese electronics manufacturers. PALTEK started the distribution and services of Programmable Logic Devices (PLDs) in 1985 when PLD was just introduced to the market. The company grew successfully by contributing to the acceptance and expansion of the PLDs in Japanese market. The PLD market is expanding rapidly in Japan and, at the same time, the market is diversifying as well as increasing as the application coverage is growing from the traditionally strong communication field to the new fields of consumer, industrial and even to automotive applications.

Upon the conclusion of a distribution agreement with Xilinx, a worldwide PLD leader, PALTEK plans to expedite business development by taking advantage of its strong track records of customer support and its capabilities of system-based solution.

### About Xilinx

Xilinx, Inc. (NASDAQ: XLNX) is the worldwide leader of programmable logic solutions. The company was founded in 1984 and has its headquarters in San Jose, California. Xilinx K.K. was founded in 1989 and the firm proactively sells and supports FPGA and CPLD products along with development support systems. Detailed information is available at the Japanese language website (<http://www.xilinx.co.jp>)
